

Here are ways that you can get involved:

- ~ First, through financial contributions that will be used to purchase food and hygienic supplies. All financial contributions for Grace Giving can be made to our Social Responsibility account,
- ~ Second, through donation of goods in kind—meaning, as you shop for your weekly groceries, you can add in an item, or two, from our supply list and bring them to one of our drop off locations. You can find the supply list on our website.
- ~ And finally, through volunteering with the sourcing and distributing of the supplies and working to help empower local community leaders through side-by-side cooperation, discipleship, and training.

Please feel free to contact either Helena Smith (helena@ensw.org) or Susie Erwin (susie@ensw.org), if you would like more details, or you are interested in getting involved.

Thank you!
